

Umm al-Barahin Imam Al-Sanusi

Alhamdulillah we are very grateful to Allah SWT to be able to release our latest publication on aqida/ the belief of Ahli Sunnah wal Jamaah, Al-Sanusi's Umm al-Barahin - a more than 500 years of standard aqida text which has become the aqida teaching benchmark for Muslim society worldwide in which Muslims in the Malay Archipelago are very proud to be part of this aqida/belief tradition for around 300 years! We pray that this publication will enlighten us more about the contents and significance of Umm al-Barahin in strengthening our Iman and Tawhid based on the long-established Ahlu Sunnah wal Jamaah aqida tradition in encountering the challenges of postmodern godless and materialistic world as well as re-emergence of neo-khawarijism and muslim literalism/anarchism among us today. InshaAllah. Amin.
